

## MegaPath Hosted Voice Featuring Cisco Solutions

With MegaPath Hosted Voice – and Cisco® SPA phones – your people will appreciate:

- **Greater Functionality** – Cisco® SPA phones offer numerous functions not found in traditional phone systems including "Find Me Follow Me", HD Voice, Bluetooth compatibility and a color display.
- **Web-Based Management** of Your Cisco® SPA Phone. Traveling? With clients? Out-of-the-office? Have your voice mail e-mailed to you, or configure rules for forwarding and screening calls.

While your business benefits from:

- **Improved Total Cost of Ownership** (TCO) – MegaPath Hosted Voice helps you avoid upfront investment, maintenance contracts, fees for account changes and the need to buy or lease PBX equipment. Plus, you'll save on unlimited calling and flexible calling plans for each employee.
